## Our Partnership Plan:

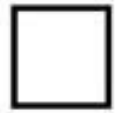

You sponsor a child

Enable local leaders to reach out

Build relationships and churches

Transform communities

Create a better future

Living Stones

We believe in  
reciprocal  
relationships

True help isn't given until it is also received. Sending money to someone across the world can make a great impact on their life, but it isn't going to make a difference in your life until you are personally invested. Until you realize that part of your heart is somewhere else: with a child, a church, with a community that used to just be a dot on the map.

Living Stones  
.....

When you see  
the heart of  
God, what is it?

**An invitation to know  
Him. He is asking for a  
relationship. That is  
what transforms the  
world, and that is what  
we are after.**

Living Stones is a child  
sponsorship that invites you  
in

# Our goal is to get you here

Personally. Meeting your sponsored child.  
Walking in the community. Worshipping in the  
church you helped to build. We are happy that  
you want to make a difference in a child's life:  
but we are after your heart.

The people who  
sponsor through  
Living Stones have  
one thing in common:

**They give monthly because they know us,  
they trust us, they have seen that  
what we do matters, and it matters to  
them.**

**They know us  
personally**

Cajueiro Claro

Lagoa de Itaenga

Guadalajara

Blog: [BuildingLivingStones.org/cajueiro-claro](http://BuildingLivingStones.org/cajueiro-claro)

A small rural town of about 30 families, 4 kilometers off the main road.

The children often do not know when their next meal is, so we serve a full meal each day, along with tutoring, computer, and sports classes.

Started in 2010, 15 children came to Christ, and many are helping the 30 younger kids who are currently in the program.

**Note:**

The church was started through the Living Stones program: reaching out to the children, then inviting their families to a service.

Guadalajara is a poor suburb of Paudalho (pop. 30,000), located near the main road, close to the capital of the state, Recife.

Just this year, we have had over 10 children give their lives to Jesus after hearing the gospel at the program.

A sports ministry since 2012, they partner with Living Stones to provide education and recreation for over 60 children.

Note:

Living Stones often partners with Glory Sports, as the children come for sports, but stay for education, character training, and nutrition (as needed).

Pop. 35,000, Lagoa is surrounded by sugarcane and is known for its gangs and high violence.

The schools are overcrowded, and there is a desperate need for a safe place for the kids to be educated.

Serving over 60 children in a full tutoring program, we have 6 teachers and also have community outreaches connecting with 150 children.

**Note:**

Living Stones began as the church saw the great needs around them, and wanted to make a difference in their community.

# Lagoa de Itaenga

**We've  
found  
it costs  
between  
\$500-\$900  
a month  
to provide  
a program  
for 30  
children**

Since 2011, we've served  
over 3,000 full meals and  
around 15,000 snack meals  
per year

Children in our program are doing better  
in school, participating more in their  
local church, and are receiving  
opportunities they never had before.

# Statistics

Giving has increased from \$12,000 in 2011  
to \$43,000 in 2017: Thank you!

We have 175 children from  
three communities in our  
full time program, and we  
do outreaches to over 300  
children in five  
communities
